- Fast appointments convenient to you
- Open to suit our customers

### TOP VALUE

- Very competitive prices
- Tyres Exhausts Batteries Brakes
- All-Makes and models
- While-you-wait service
- Scheduled and tailored servicing and repair

# VEHICLE HEALTH CHECK

## Driver Information

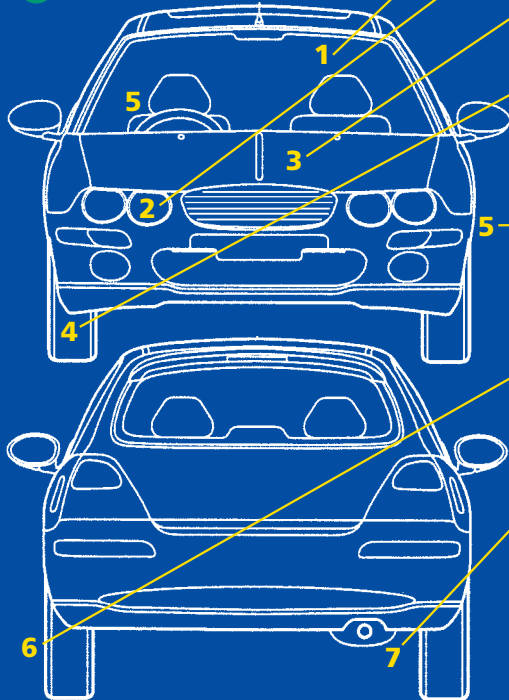

Getting the best from your car

# Reporting to you

Using the report back form illustrated here, we visually carry out a multipoint check on safety related and legal compliance items on your vehicle. This visual inspection covers tyres, brakes, lights, steering, suspension, the exhaust system and your engine.

A traffic light system clearly identifies work that is necessary now or may be required in the future.

- **RED** means action is required, usually for safety or legal reasons.
- **AMBER** means work is not necessary immediately, especially if you want to get maximum life out of a part, eg brake pads. We can advise a future recheck date.
- **GREEN** means these items are all okay.

# Work only on your approval

A full competitive written estimate will be supplied for any required work showing what needs to be done, why and for how much. No work is carried out until authorised by you.

By highlighting jobs that will need to be done - but can be deferred for now, we can also help you plan for that future expenditure by advising the timescale in which the work should be carried out.

# Our duty of care

We believe our duty of care to you, our customer, should neither inconvenience you, nor cost you anything without your approval; and we intend to meet the highest standards set by the OFT for the garage workshop trade. We will quote and use approved specification parts, fitted only to the vehicle manufacturers' standards.

This visual health check is part of our positive commitment to achieving this.

# Available by appointment

If your vehicle is not due for service nor likely to enter our workshops in the near future, we can also carry out this vehicle health check separately, and at a convenient time to suit you. Just ask our service receptionist for full details.
